

Major Shambhalla Awareness Centre Events For 2011

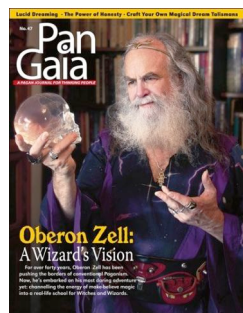

Pagan Independent Music Festival

August 6th - 7th Pagan Music has been one of the most exploited & unrecognised forms of music on the planet. It is the root & the core of Blues, Folk & Rock. Voodoo provided the sacred rhythms that became Soul & Funk, Pythagoras the great Pagan philosopher; mystic & mathematician devised modern musical theory. The church stole Pagan sacred tunes, changed the lyrics & turned them into hymns & gospel. Many successful Pagan musicians such as Santana, Stevie Nicks, Led Zeppelin, Kate Bush, David Bowie & others are afraid of the backlash that would occur against them & their families if they publicly identified the foundation of their music. The ancient Pagan Muses in music must hide & thus Alistair Crowley becomes Sargent Pepper. It is time for Pagan & Indigenous Music to step out of the shadows & be publicly acknowledged as the foundation, the mother & the cradle of all music in our heart. To encourage Pagan Music Shambhalla Awareness Centre will offer a music publishing deal & a \$1000 prize to the performers voted over all best & there will be encouragement awards with lesser cash prizes in the areas of Best individual, Best Group, Best indigenous, & Most Original performers. We encourage all independent Pagan performers who wish to play at this festival to download the application forms. The list of artists will grow, as we get closer to the day so keep checking for updates. Initial headlining Supporter /Performers include: -
